JPL Running Club 10K & 2 Mile Races

---

## RESULTS

COURSE: Rose Bowl

RACE DATE: Oct. 14, 1987

A combined 2 mile and 10 kilometer race was run at the Rose Bowl in cool weather (unusual for the JPL/NASA 10K race). There were 19 runners in the 10 K race and one participant in the 2 mile event. Roy Kakuda was the overall winner in the 10 K with a time of 38:41. Rounding out the top three was Rene Aguero, second in 40:24, and Ed Rinderle, third in 41:25. Dave Hansen was the lone runner in the two mile turning in a fine 10:59 time indicating he will be ready for the New York Marathon next month. Congratulations go to all runners who participated. Here are the results ...
